- B. All candidates must adhere to the AGS Elections and all UCI policies.
- C. All candidates shall be responsible for meeting all deadlines of the Elections Timeline.
- D. All candidates shall familiarize themselves with this Elections Code.
- E. Any candidate can be endorsed by an organization registered with the Dean of Students and must submit the Candidate Endorsement Form signed by the leading student officer(s) of the organization, stating that the organization (not the individual) has officially endorsed them. No publicity of an endorsement can be made until the Elections Officer has acknowledged receipt of the endorsement. In the event that an umbrella organization endorses a candidate, the endorsement will only represent the umbrella organization and not its constituent organizations and vice-versa.
- F. Candidates may not coordinate with organizations not registered with the Dean of Students to further their campaign or to receive aid for their campaign for elected office. Candidates may not coordinate with outside organizations regardless of an official endorsement received by them, which are invalid due to Section E. - B. The referendum may not be campaigned for until candidacy has been declared.
- C. Upon official declaration of candidacy, a graduate student shall present themselves as the official Sponsor of the campaign. Furthermore, the representative shall be responsible for submitting endorsement forms, and any other duty delegated to the whole of the candidates by the Elections Officer.
- D. Non-student university staff and/or faculty may advise the Sponsor of the referendum, but may not campaign for the referendum or be the official representative of the campaign.
- E. The Sponsor and individuals running the referendum shall be responsible for complying with the University of California Policy on Student Fee Initiatives. This is to be made available upon request by the Elections Officer.
- F. Unlike candidates running for position, a referendum may receive money from a campus unit or department if an equal amount of money is made publicly available to run both the "yes" and "no" campaigns. Moreover, the unit or

department must make available all materials that are granted use to both the “yes” and “no” parties.

- G. Upon presenting the referendum to the Student Fee Advisory Committee (SFAC), the referendum team shall present a series of unbiased pros and cons to the SFAC. The SFAC shall have the ability to publish the list of pros and cons in the student newspaper. If the members of the SFAC feel that the list is not unbiased, the SFAC will have the ability to modify the list for the sake of removing bias.

Any campaign material found in these spaces will be disposed of and candidates will face punitive measures as deemed fitting by the Election Officer that may include but are not limited to an official written warning and disqualification.
- E. The use of AGS and/or university equipment purchased or funded by student funds allocated to AGS (e.g., telephones, computers, printers, papers, copy machines, fax, scanners, cameras, projectors, tables, chairs, canopies, etc.) or any other resource not available upon request to all declared candidates for campaigning is prohibited.
- F. Any use of a university good or service must come with the written assurance of the administrator of that good or service that any candidate would have access to that good or service if they were to request it.
- G. Student Government and Student Media staff shall not be defined as AGS and/or university equipment and may be used as a resource to all candidates, with all standard fees for services requested.
- H. Violations of the Elections Code will result in punitive measures as deemed fitting by the Elections Officers that may include but are not limited to filing an official Elections Complaint and disqualification as stipulated in Section XV.

- A. No candidate is allowed to provide any polling location under any circumstance. This includes offering an electronic device for a student to use to cast their vote.

- B. Official polling locations may be designated and supervised by the Election Officer.
- C. Candidates are prohibited from campaigning inside and within fifty (50) feet of any official polling location as set by the Election Officer.
- D. No candidate is allowed to actively campaign in the AGS working space, including but not limited to: the AGS student suite, the Student Government and Student Media business offices, and professional staff offices.

XV. Violations of Elections Regulations and Penalties

- A. The purpose of the Elections Code is to protect the rights of the graduate student body to make informed and independent decisions about candidates and other ballot measures, as well as to ensure that candidates have an equal opportunity to garner votes. Therefore, disqualifications should be reserved for instances where there are serious violations of student rights that impede students' ability to fairly or fully participate in the democratic process. Considerations of fairness shall include the equal availability of public resources and equal constraints to all declared candidates by the AGS Elections Code and university policies.
- B. Disqualification: The measure of disqualification can be evoked both during the election cycle and when it has ceased. Disqualification shall be reserved as the highest form of punishment for a violation of the AGS Elections Code. Its use shall be evoked at the discretion of the AGS Elections Officers and/or the AGS Council
- C. The following violations are grounds for punitive measures of a candidate, depending on the severity of inappropriate conduct as determined by the Elections Officers:
 - 1. Falsifying Candidate Endorsement forms or endorsements on any advertisement, poster, leaflet, or other campaign materials.
 - 2. Failure to comply with university policy, which includes Housing Complex Rules, State and Federal Law.
 - 3. Failure to comply with UCI's official posting policies.
 - 4. Campaigning or public announcement of candidacy prior to filing a declaration of candidacy.
 - 5. Failure by parties or individuals who endorse/support a candidate to abide by the Elections Code.
 - 6. Solicitation of votes inside or within fifty (50) feet of official polling locations.
 - 7. Failure to comply with the UCI Principles of Community.
- D. All complaints must be submitted in writing to the AGS Elections Officer via the Elections Website. If the Elections Officer is a party in the complaint, then the written complaint should be sent via email to current the AGS President and AGS Officers.
- E. Complaints by individuals shall be in writing and shall include the following:
 - 1. The Article, Section, and Part of this code or university policy that has been violated and supporting evidence (e.g. images, audio, video, documents, etc.).
 - 2. Who allegedly is in violation.

3. Where the alleged violation occurred.
 4. When the alleged violation occurred.
- F. The Elections Officer may initiate a complaint. Upon issuance, the AGS Council will determine the results.
- G. The Elections Officer shall review all official complaints, and if requested or necessary, the AGS Council shall try the complaints. Decisions rendered by the Elections Officer and/or AGS Council will be published as specified in the elections timeline.
- H. The Elections Officer and/or AGS Council shall provide the accused candidate with an opportunity to respond to the charges in writing or a recorded meeting. An Evidentiary Hearing and official minutes will be taken by someone designated by the presiding entity. These minutes will be presented to the AGS Council if an appeal of the Elections Officer's decision is made.
1. In the event that a party is unable to meet in-person, reasonable accommodations will be made to allow all parties the ability to participate.
- I. Deadline for submitting complaints and its procedure is outlined in Article VI, Timeline.

XVI. Process of Appeal

- A. Individuals have until Tuesday of Spring Week 4 at 5:00pm to appeal the Election Officer's decision to the AGS Council by emailing any one of the following officers: AGS President, Vice President of Internal Affairs, or Vice President of Administrative Affairs. (See Section VI, F-J for details on process and timeline)
1. The right to appeal shall be forfeited if a candidate fails to file a petition within two (2) school days of the written decision made by the Elections Officer.
- B. The petition must explain all charges and contentions, cite the rule, principle or constitutional clauses at issues, and state the remedy sought. The candidate may not introduce new evidence, as the purpose of the hearing is to determine the soundness of the Elections Officer's decision, not a re-trial of the evidence previously tried.
- C. No appeals will be accepted after the posting of election results.
- D. The AGS Council will hear any appeal on either the Spring Week 2 or Week 4 AGS Council Meeting in a closed session. The time allotments and procedures will be set by the Council prior to reviewing the appeal, but shall include: the ability to hear from all parties in the compliant and the Elections Officer verbally or in written form, the ability to present evidence, and the ability for the Council to deliberate after reviewing the materials with only seated members of AGS Council present.

XVII. Process of Write-In

- A. The Office of Student Government and Student Media will, in good faith, compile the write-in names for elected positions. They will, in good faith, check the write-in names against enrollment records to ensure some aspects of eligibility compliance and will be mindful of reasonable misspellings, alternative spellings of names, and nicknames. Write-in candidates will only be revealed if the student who was written in agrees to take the seat, or agrees to have their name posted on the website, but not accept the nomination.
